## Step 14. Chose the materials your purchased

We developed standard PowerPoint presentations in align with the contents of each chapter in the certification workbooks. For each topic we have included many practice exam questions with explanation to supplement the study workbooks, and summarized diagrams or tables for the topic area.

Each slide in the PPT presentation has its own page of speaker note that is used for instructors to deliver course content.

These PowerPoint presentations can be used as training materials to instructor's lectures in the certification preparation courses. Instructors will also be able to customize these presentations to fit their own course lecture needs.

When your purchase our instructor materials, you can access the **PDF study workbooks** and **online test bank** as well as the materials designed for the certification candidate. Moreover, you can download the **Power Point presentations** by each module to combine
